

This is an update on planning for the Gladstone State Development Area (SDA) Energy Hub. The project is sponsored by Quinbrook and is being developed by Quinbrook's project development and delivery arm, Private Energy Partners.

Community Information Session #3 – 24 October 2026

The next Drop-In Community Information Session will be held on Saturday 24 October, 9am-12noon, at the Mount Larcom Bowls Club, located on The Narrows Road in Mount Larcom.

Please drop in at any time throughout the session to speak to the project team and find out more about the project.

Community Benefits Agreement finalised

We are committed to being a good neighbour and creating positive, long-lasting benefits for the Gladstone region and local communities through the project.

We are pleased to announce that our voluntary Community Benefits Agreement (CBA) with Gladstone Regional Council has been finalised. The CBA is aligned with Council's [Renewable Energy Community Benefits Sharing Policy](#).

We are committed to investing in the local area during the development of the project.

The CBA includes a one-off \$40,000 community grant program that will be delivered in 2027, during the development phase. The remaining commitments will be implemented once all project approvals have been obtained and a decision has been made to proceed.

More information about the grant program will be provided in early 2027.

Site investigations update

Geotechnical investigations are underway on the site to understand existing ground conditions and

help inform the project's design. Investigations are being undertaken alongside dedicated weed and fauna management officers and First Nations Bailai, Gurang, Gooreng Gooreng, Taribelang Bunda Cultural Heritage monitors.

Local investment

We are proud to support the local community as planning for the project progresses. This includes recent support for the Mount Larcom RSL and Mount Larcom Bowls Club to help them deliver initiatives that benefit the community.

Yarwun GROW Group meeting

We will be at the next Yarwun GROW Group meeting on Sunday 25 October from 9am. We will be running the sausage sizzle at the event. Please stop by for a bite to eat and to chat to the project team.

2026 GEA Major Industry, Energy and Manufacturing Conference

We are proud to be an Industry Partner for the 2026 GEA Major Industry, Energy and Manufacturing Conference, which will be held 21-22 October.

Please get in touch

If you would like more information about the project, please get in touch – we would be happy to help. You can reach us at:
