

Northern Quartz Campus

Project update – October 2025

Social Impact Assessment workshops

Thank you to those who registered for our Social Impact Assessment (SIA) workshops. Your feedback will help independent consultants, Elliott Whiteing, assess the potential community impacts and benefits of our projects. Elliott Whiteing's research and analysis, along with your views, will help us identify the most effective mitigation and enhancement measures so our projects can maximise the benefits to the local area.

Once the regional SIA is finalised, project-specific SIAs will be developed for each individual project. This will include further workshops in the new year to analyse the impacts and benefits of our proposed solar farms, once planning for these projects is more progressed.

If you are interested in attending the workshops in the new year, please contact Roundtable Engagement and Communications, who is supporting Elliott Whiteing to undertake the SIAs. You can email Roundtable at community@roundtablecomms.com.au or call them on 0475 065 105 to register your interest. They will then get in touch with you once workshop dates are confirmed.

The results of the regional and project-specific SIAs will be shared with the community once they are finalised in early to mid-2026.

Have your say on our Community Partnership Program

As part of our project planning, we are looking for ways to make tangible, long-lasting contributions to the local community and would appreciate your views. Please see the enclosed fact sheet for information on our proposed Community Partnership Program, and a survey to provide your feedback about the program. Information on how to complete and return the survey, including online, is included in the fact sheet.

The survey will close on **Friday, 14 November 2025** and we plan to share the results with the community in early 2026. We will also provide your feedback to Elliott Whiteing to include in their SIAs.

Next community information session

Our next information session will be held from **2 - 6pm** on **Wednesday 12 November 2025**, at the **Woodstock Sport and Recreation Club**. We hope to see you there for a chat and afternoon tea.

In the meantime, you can contact us via:
